

We're right on **your** doorstep

Would you like to have the convenience of instant access to a trusted office equipment supplier?

Well now you can! CSL Business Machines has been providing office equipment for nearly fifty years, and despite significant growth during that time we're still a **local company** with traditional values.

We are large enough to cope, but small enough to care, and our philosophy

is simple: to provide **high quality products** and **reliable service** for all our customers, at very **competitive prices**.

By partnering with Konica Minolta, our comprehensive consultancy service ensures you get high-quality digital copiers and multifunctional devices that precisely meet your business needs.
